

RECORDING SONGS FOR MR TAYLOR'S CLASS

- Please use higher quality recording device:
 - Don't use the microphone on your computer
 - Use external microphone or voice memo/voice recording app on your phone
- When recording, make sure camper is using a different device to hear the track than the one they are recording with.
 - Use headphones to prevent bleed over of audio
 - Example: camper may play the karaoke track from the computer with headphones on but must record isolated vocals with phone's voice recording app
- WeTransfer all files and please double check the title is formatted as such: camper full name/song title/(solo or chorus section)/take number
 - Feel free to send a couple takes (2 maximum) for me to work with
 - This will also be similar format for sending final scene videos: camper full name/group #/scene #/take #
