2. Click the link that says “Upload Files”
3. Drag and drop your video file(s) or click the + sign and then navigate to your file. (DO NOT click “Add from Dropbox”)
4. If you need to upload more files you can drag and drop or click “+ Add more files” and repeat.
5. Put your name and email address in the boxes at the bottom. Then click “**Upload**”.

OPTIONAL Renaming/Labeling videos files. *IF you know how to label or rename a file, PLEASE do so before sending. The label format should be Name_group#_category. EX: JaneR_group5_danceV*

Each camper in my acting class will have multiple files to send as well.
